Molecular Diagnostics & Clinical Decision Making

Saturday, October 24th, 2015, 7:30AM-1:00PM
The Claremont Resort • Ashby & Domingo Avenues
Oakland, California • (510) 843-3000

ASSOCIATION OF NORTHERN CALIFORNIA ONCOLOGISTS

Supporters & Exhibitors. Support for this educational activity is provided by Foundation Medicine, Merck, nanoString, and Pfizer Oncology.

Association of Northern California Oncologists (ANCO). ANCO was organized in 1990 to be an advocate for, educate, and inform the practicing medical oncologist and hematologist and represents approximately 500 oncologists and hematologists throughout northern California and in Nevada.

Program Overview. ANCO’s Molecular Diagnostics & Clinical Decision Making will review the science of molecular diagnostics in oncology, how to incorporate molecular diagnostics into clinical practice, reimbursement for molecular diagnostics, and present case studies illustrating the use of molecular diagnostics in clinical decision making.
Educational Objective. At the conclusion of this educational activity, participants should have a basic understanding of the use of molecular diagnostics in clinical decision-making in oncology.

Target Audience. ANCO’s Molecular Diagnostics & Clinical Decision Making has been designed to meet the educational needs of hematologists, oncologists, oncology nurses, oncology pharmacists, and other health-care professionals involved in the care of people with cancer.

Disclosure Statement. All faculty members participating in this educational activity are required to disclose any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in this educational activity.
