

# ANCO FAX News

Association of Northern California Oncologists  
Post Office Box 151109, San Rafael, California 94915-1109  
Voice: (415) 472-3960 • FAX: (415) 472-3961  
execdir@anco-online.org • www.anco-online.org

Vol. 9, No. 4

February 19<sup>th</sup>, 2010

## INTRODUCTION

The *ANCO FAX News* focuses on ANCO's core activities—advocacy, clinical and professional education, membership benefits, and *Association* news. While membership mailings, FAX broadcasts, and ListServ postings continue, the *ANCO FAX News* summarizes this information in a regular forum of important news to members. Contact the ANCO office for additional information regarding any item published in the *ANCO FAX News* or to contribute items.

**The *ANCO FAX News* is FAXed to Individual Member practices, and e-mailed to Group, Institutional, and Corporate (contacts) Members.** The next regular *ANCO FAX News* will be published on March 5<sup>th</sup>. Send your comments or contributions to ANCO, P.O. Box 151109, San Rafael, CA 94915-1109; *Voice:* (415) 472-3960; *FAX:* (415) 472-3961; [execdir@anco-online.org](mailto:execdir@anco-online.org).

## ADVOCACY

*[Editor's Note:* ANCO meets regularly with national, regional, and statewide organizations to discuss issues of importance to hematology/oncology practices and people living with cancer. We continually seek input from members on agenda items for these meetings. Send your issues to the ANCO office.]

### **ACCC, ASCO, ASH, and National Legislative & Regulatory Issues**

*[Editor's Note:* ANCO is a member of the *Association of Community Cancer Centers* (ACCC) and a state/regional affiliate of the *American Society of Clinical Oncology* (ASCO).

ANCO and the *American Society of Hematology* (ASH) share information with members. We regularly participate with these organizations on matters of national importance to cancer care.]

**The United States Food and Drug Administration (FDA) is requiring erythropoiesis-stimulating agents (ESAs; i.e., Aranesp, Epogen, Procrit) to be prescribed and used under a risk evaluation and mitigation strategy (REMS), to ensure the safe use of these drugs.** The FDA is requiring a risk management

**There is information in the  
*ANCO FAX News*  
for every member of your practice  
or organization.  
Pass it along!**

- Physician Members
- Nurses & Office Managers
- Office Staff
- Colleagues & Representatives

The *Association of Northern California Oncologists* (ANCO) is an association of hematologists/oncologists dedicated to promoting high professional standards of cancer care by providing a forum for the exchange of ideas, data, and knowledge. The material contained in the *ANCO FAX News* is intended as general information for ANCO members. Because diagnostic, treatment, contracting, coding, and billing decisions should be made on a case-by-case basis, any such information contained in the *ANCO FAX News* may not apply in any given situation. Members are encouraged to contact their own consultants or advisors to obtain specific advice on matters relating to contracting, coding, and billing. The information contained in the *ANCO FAX News* should not be used as a substitute for such advice.

program because studies show that ESAs can increase the risk of tumor growth and shorten survival in patients with cancer who use these products. Studies also show that ESAs can increase the risk of heart attack, heart failure, stroke, or blood clots in patients who use these drugs for other conditions. As part of the REMS, a *Medication Guide* explaining the risks and benefits of ESAs must be provided to all patients receiving ESAs. In addition to the *Medication Guide*, AMGEN was required to develop the *ESA Assisting Providers and Cancer Patients With Risk Information for the Safe Use of ESAs (APPRISE) Oncology Program* for health-care professionals who prescribe ESAs to patients with cancer. Under the *ESA APPRISE Oncology Program*, AMGEN will ensure that only those hospitals and health-care professionals who have enrolled and completed training in the *Program* will prescribe and dispense ESAs to patients with cancer. AMGEN is also required to oversee and monitor the *Program* to ensure that hospitals and health-care professionals are fully compliant with all aspects of the *Program*. The goals of the REMS for the ESAs are:

- To support informed decisions between patients and their health-care professionals who are considering treatment with an ESA by educating them on the risks of ESAs.
- To mitigate the risk of decreased survival and/or poorer tumor outcomes in patients with cancer by implementing the part of the REMS called the *ESA APPRISE Oncology Program*.

The *ESA APPRISE Oncology Program* requires that all health-care professionals who prescribe ESAs for patients with cancer do the following:

1. Complete a training module that covers the use of ESAs. Completion of the training module is required for enrollment in the *ESA APPRISE Oncology Program*.
2. Sign the patient/health-care professional acknowledgement form prior to the patient receiving an ESA. The acknowledgment form attests that the health-care professional and patient have discussed the risks of using an ESA.

3. Re-enroll in the *ESA APPRISE Oncology Program* every three years.

Health-care professionals not enrolled in the *ESA APPRISE Oncology Program* will not be able to prescribe ESAs for use in patients with cancer. As part of the enrollment in the *ESA APPRISE Oncology Program*, health-care professionals must attest to their understanding of the following:

- ESAs shortened overall survival and/or increased the risk of tumor progression or recurrence in clinical studies in patients with breast, non-small cell lung, head and neck, lymphoid, and cervical cancers.
- To decrease the risks of ESAs, the lowest dose needed should be used to avoid red blood cell transfusion.
- ESAs should be discontinued following completion of a chemotherapy course of treatment.
- Aranesp is indicated for the treatment of anemia due to the effect of concomitantly administered chemotherapy, based on studies that have shown a reduction in the need for red blood cell transfusions in patients with metastatic, non-myeloid malignancies.
- Epogen/Procrit is indicated for the treatment of anemia due to the effect of concomitantly administered chemotherapy, based on studies that have shown a reduction in the need for red blood cell transfusions in patients with metastatic, non-myeloid malignancies receiving chemotherapy for a minimum of two months.
- ESAs are not indicated for use in patients receiving hormonal agents, therapeutic biologic products, or radiotherapy unless receiving concomitant myelosuppressive chemotherapy.
- ESAs are not indicated for patients receiving myelosuppressive therapy when the anticipated outcome is cure.
- ESA use has not been demonstrated in controlled clinical trials to improve symptoms of anemia, quality of life, fatigue, or patient well-being.

Health-care professionals who prescribe ESAs for anemia not caused by cancer chemotherapy are required to provide a copy of the *Medication Guide* to each patient or their representative when an ESA is dispensed. Health-care professionals who use ESAs only for non-cancer uses are not required to enroll in the ESA APPRISE *Oncology Program*. AMGEN will be responsible for ensuring compliance with the *Program*, as follows:

- AMGEN will conduct real-time monitoring of prescribing and purchases in private-practice settings and clinic audits.
- Hospitals in the *Program* will be audited to ensure compliance with the ESA APPRISE *Oncology Program*.
- Failure to comply will result in a suspension of access to ESAs.

The *American Society of Hematology* (ASH) has been informed that AMGEN will be distributing additional information to health-care professionals by March 24<sup>th</sup>. In the meantime, health-care professionals should begin to receive mailings from AMGEN on how to register, enroll in the APPRISE *Program*, and obtain copies of the *Medication Guide*. **If you have any questions about the ESA APPRISE *Oncology Program*, visit [www.fda.gov/Drugs/DrugSafety/PostmarketDrugSafetyInformationforPatientsandProviders/ucm109375.htm](http://www.fda.gov/Drugs/DrugSafety/PostmarketDrugSafetyInformationforPatientsandProviders/ucm109375.htm); contact your local AMGEN or *Centocor Ortho Biotech* representative; or, call the ESA APPRISE *Oncology Program Call Center* at (866) 284-8089.**

**A 7-month patch to the 21.2% Medicare physician fee cut contained in a bipartisan jobs bill package has been removed from the stripped-down jobs legislation** introduced by Senator Reid. With *Congress* in recess this week, there is no clear path to legislation that would avert the 21.2% payment cut from going into effect on March 1<sup>st</sup>. Practices should prepare for either a delay in payments or for the 21.2% cut in Medicare services to go into effect on March 1<sup>st</sup>.

The *American Bar Association* (ABA) has won a lawsuit against the *Federal Trade Commission* (FTC) that will exclude ABA members from *Red Flags Rule* enforcement. Now health care

provider trade groups are citing the ABA's victory in a bid to gain their own exclusion from the *Rule* that will require providers to have identity theft protection programs in place by June 1<sup>st</sup>. The *American Medical Association*, *American Dental Association*, *American Osteopathic Association*, and *American Veterinary Medical Association* have asked the FTC to leave health care professionals out of the regulation. If they succeed, the exclusion will most likely apply to all health care providers. **For a primer on the FTC's *Red Flag Rule*, please see the article at [www.anco-online.org/RedFlagRule.pdf](http://www.anco-online.org/RedFlagRule.pdf).** ANCO has also arranged for *Risk Mitigation Solutions* to offer compliance services to members (visit [www.anco-online.org/RiskMitigationSolutions.pdf](http://www.anco-online.org/RiskMitigationSolutions.pdf)).

**CMS's *Physician Quality Reporting Initiative* (PQRI)** provides a financial incentive for eligible professionals to participate in a voluntary quality-reporting program. Eligible professionals who successfully report a designated set of quality measures on claims may earn a lump sum bonus payment. There are several reporting options and incentive payments for physicians participating in the PQRI. For complete information on PQRI, including teleconference materials, qualified registries for data submission, quick reference charts, user guides, tool kits for successful reporting, updated submission methodologies, beneficiary letters, fact sheets, and FAQs, visit [www.cms.hhs.gov/pqri](http://www.cms.hhs.gov/pqri). The "Spotlight" section on the PQRI webpage is updated frequently and alerts eligible professionals to the newest program information available on the PQRI webpage. **The *American Medical Association* (AMA) has posted PQRI participation tools** at [www.ama-assn.org/ama/pub/physician-resources/clinical-practice-improvement/clinical-quality/participation-tools-individual.shtml](http://www.ama-assn.org/ama/pub/physician-resources/clinical-practice-improvement/clinical-quality/participation-tools-individual.shtml). In addition, ASCO's PQRI website ([www.asco.org/ASCOv2/Public+Policy/Policy+Issues/Medicare+%26+Quality+Care/Regulations+%26+Resources/Information/Physician+Quality+Reporting+Initiative+%28PQRI%29+General+Information?cpsexcurrchannel=1](http://www.asco.org/ASCOv2/Public+Policy/Policy+Issues/Medicare+%26+Quality+Care/Regulations+%26+Resources/Information/Physician+Quality+Reporting+Initiative+%28PQRI%29+General+Information?cpsexcurrchannel=1)) includes relevant links and oncology-specific information.

CMS has posted 2010 *Electronic Prescribing Incentive* (eRx) *Program* educational products to the eRx webpage at

www.cms.hhs.gov/ERxIncentive. They include:

- 2010 eRx Measure Specifications and Release Notes
- Claims-Based Reporting Principles for the 2010 eRx Incentive Program
- 2010 EHR Measure Specifications for eRx and Release Notes
- Group Practice Reporting Option (GPRO) Requirements for Submission of 2010 eRx Data

For additional oncology-specific information, visit ASCO's e-prescribing website at [www.asco.org/eprescribing](http://www.asco.org/eprescribing).

CMS has developed a number of on-line tools surrounding PQRI and ERx, including a web-based training course on the two programs. The course provides information on the completion, submission, and maintenance of the documentation that is required to successfully participate in the PQRI and ERx programs. To access the on-line tools, visit [www.cms.hhs.gov/MLNGenInfo](http://www.cms.hhs.gov/MLNGenInfo), scroll down to "Related Links Inside CMS," select "Web Based Training (WBT) Modules," and then select the "Physician Quality Reporting Initiative and Electronic Prescribing Incentive Program" from the list provided.

Electronic health records (EHRs) are powerful tools that can streamline practice management and reduce errors in patient care. The 2009 *Federal economic stimulus package* includes \$19B for health information technology (HIT), the vast majority of which will be directed to physicians to subsidize the purchase and usage of electronic health record (EHR) systems. Beginning in 2011, qualifying Medicare providers stand to gain up to \$44,000 under the program; qualifying MediCal providers stand to receive as much as \$64,000. A CMS website ([www.cms.hhs.gov/Recovery/11\\_HealthIT.asp](http://www.cms.hhs.gov/Recovery/11_HealthIT.asp)) is now available where you can find information pertaining to the Medicare and Medicaid incentives for EHR adoption. ASCO has developed *The Oncology Electronic Health Record Field Guide: Selecting and Implementing an EHR*—the only oncology-specific consumer manual designed to guide oncology practices in selecting current and future oncology-specific

EHRs for clinical practice management and quality-of-care measurement and improvement. The *Field Guide* is available in hard copy as well as PDF. Electronic users can print worksheets and forms as they go through the *Field Guide's* material. Both formats of the *Field Guide* can be purchased by e-mailing [support@articleworks.com](mailto:support@articleworks.com) or calling (800) 804-1425. More information is available at [www.asco.org/ehrfieldduide](http://www.asco.org/ehrfieldduide). In addition, ASCO has developed an EHR social networking site ([ehr.ascoexchange.org](http://ehr.ascoexchange.org)) to help oncologists and their practice staff connect and collaborate with other users of EHRs, as well as find information on EHRs and other health information technology tools. Materials from ASCO's 2009 *EHR Symposium*, including video and slides from all the sessions, are available by calling (888) 273-3508 or (703) 519-1430. Finally, the *California Medical Association (CMA)* has established a *Health Information Technology (HIT) Resource Center* on its website designed to educate physicians about the HIT subsidies for physicians in the *Federal stimulus package*. Visit [www.cmanet.org/hit](http://www.cmanet.org/hit) for the latest information focusing on materials to help physicians assess their HIT needs and begin the process of choosing an EHR system that works best for their practices and qualifies them to receive the *Federal funds*.

ANCO and ASCO continue to work towards ensuring that people with cancer have access to quality cancer care in the community. Practice resources are available at [www.anco-online.org/mma.html](http://www.anco-online.org/mma.html) and [www.asco.org/mma](http://www.asco.org/mma), including:

- ASCO's *Adapting to Changes in Medicare 2010 PowerPoint* presentation.
- 2010 quarterly updates to the *Average Sales Price (ASP) Medicare Part B drugs pricing file*.

Members may also e-mail ASCO's *Coding & Reimbursement Hotline* at [practice@asco.org](mailto:practice@asco.org) for up-to-date information on changes in coding for drug administration services, as well as billing and payments for drugs. Please include your ASCO member ID in your e-mail.

## CMA, MOASC, and State Legislative & Regulatory Issues

[Editor's Note: ANCO and the Medical Oncology Association of Southern California (MOASC) are members of the California Medical Association's (CMA) Council on Legislation, House of Delegates, and specialty delegation. ANCO and MOASC coordinate advocacy activities in California.]

**Noteware Government Relations** represents ANCO (and MOASC) in Sacramento. They report:

- *Assemblymember* Mike Feuer is pursuing legislation that would prohibit payment to hospitals for certain medical errors. AB542 requires the *Department of Managed Health Care* to adopt regulations establishing uniform policies governing nonpayment of hospitals for substantiated adverse events and explicitly prohibits hospitals from billing a payer when a medical error meeting the criteria established by the *Department Health Committee*.

Sacramento can be a dangerous place for doctors. Many bills impacting medicine wind their way through the *Capitol* on their journey to the *Governor's* desk. And, many of these bills threaten the medical profession with the backing of powerful lobbyists and PACs. It's critical that **physicians have an advocate at work for them every day and who knows how to speak on their behalf. That advocate is the California Medical Association (CMA)**. While physicians keep a close eye on their patients, CMA is keeping a close eye on those bills...and more. Got payment delays? Feeling victimized by payors and overwhelmed by the process? Don't let the health plans mistreat you. The CMA's *Center for Economic Services* has a team of reimbursement specialists available to assist ANCO's CMA members experiencing payment problems with **third-party payors**. For membership, contact Ron Lopp at (916) 551-2042 or rlopp@cmanet.org; for reimbursement assistance, call CMA's *Reimbursement Helpline* at (888) 401-5911.

## 13th ANNUAL CALIFORNIA HEALTH CARE LEADERSHIP ACADEMY

**The Era of Health Reform: Harnessing the Currents of Change**

April 9-11, 2010 | San Diego Marriott Hotel & Marina

New for 2010: **Academy Curricular Tracks**

- Hospital-Physician Alignment and New Models of Practice
- Health System Reform: Then and Now
- Leadership in a New Health Care Era
- and more...

- Health Information Technology
- Practice Management
- Leadership Development

### MULTIPLE REGISTRATION DISCOUNTS

Save up to \$100 per person when two or more register together

### SAVE \$100

Register by March 9<sup>th</sup>

**TO REGISTER** - call 800.795.2262 or visit our website at [calleadershipacademy.com](http://calleadershipacademy.com)

To help physicians negotiate and manage complex third-party payor agreements, CMA has published a contracting tool kit entitled *Taking Charge: Steps to Evaluating Relationships and Preparing for Negotiations—A Focus on Payor Contracting* that is available free to CMA members at the members-only website. Nonmembers can purchase the tool kit for \$100 in the CMA bookstore (call (800) 882-1262). This tool kit joins several other CMA tool kits (i.e., *Back to Basics: A Step-by-Step Guide to Maximizing Your Cash Flow*, *Getting Paid: Strategies to Maximize Reimbursement*) aimed at empowering physician practices vis-à-vis their relationships with private payors.

## Palmetto/J1MAC, DHCS/MediCal, & Private Payors

[Editor's Note: ANCO communicates regularly with Palmetto/J1MAC that administers the J1MAC (Medicare) in California, and the Department of Health Care Services (DHCS) that administers DHCS/MediCal in California.]

**Palmetto/J1MAC mailed 2010 Medicare participation enrollment and fee schedule information in November.** For more information, visit [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7X2L3Y4207?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7X2L3Y4207?opendocument). CMS has extended the 2010 *Annual Participation Enrollment Program* end date to March 17<sup>th</sup>. Updated fee schedules for California are available online at [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZDQMR7321?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZDQMR7321?opendocument).

Palmetto/J1MAC has published an article entitled *Billing for Services Related to Voluntary Uses of Advance Beneficiary Notices of Non-coverage* (ABN). Effective April 1<sup>st</sup>, two HCPCS

modifiers have been updated to distinguish between voluntary, and required, uses of ABNs. Read the article at [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZWT6V2758?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZWT6V2758?opendocument).

**Palmetto/J1MAC informs ANCO that some claims for Lupron processed from January 4<sup>th</sup> and 19<sup>th</sup> were paid at the submitted charge amount instead of the allowed amount.** All claims paid in error will be adjusted when the system is corrected. For more information visit [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZWV2758?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7ZWV2758?opendocument).

**Palmetto/J1MAC has informed ANCO that CMS has identified a problem where claims were not automatically crossing over to supplemental payers even though the provider remittance advice indicated otherwise.** This problem began January 5<sup>th</sup>. The affected Part B claims are associated with a remittance advice dated between January 5<sup>th</sup> and February 12<sup>th</sup> that contain two or more service lines for a beneficiary and that meet both of the following criteria—one line is 100% reimbursable, and at least some money was applied to the deductible. Visit [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/82QRXL0601?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/82QRXL0601?opendocument) for more information.

**The Medicare Modernization Act of 2003 established the Medicare Recovery Audit Contractor (RAC) program to identify fraud and waste in the Medicare system.** Audit contractors are expected to focus on companies and individuals whose billings for specific Medicare services are higher than the majority of providers in their communities. Auditors cannot request more than 10 patient records from a practice in any 45-day period. The *California Medical Association* (CMA) has developed a tool kit to help physicians understand the program and, if necessary, navigate the audit process. The tool kit is available free to CMA members. Palmetto/J1MAC has published an article entitled *Recovery Audit Contractor (RAC) Program* and added a new RAC category under *Articles* on the Palmetto/J1MAC website. Visit [www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7T6K7W3608?opendocument](http://www.palmettogba.com/palmetto/providers.nsf/vMasterDID/7T6K7W3608?opendocument) or [www.anco-online.org/MedicareRACs.pdf](http://www.anco-online.org/MedicareRACs.pdf) for

more information on the RAC program. ***HealthDataInsights* (HDI), the Medicare RAC for Region D (that includes California), has posted the first group of CMS-approved audit issues for RAC review** at [racinfo.healthdatainsights.com](http://racinfo.healthdatainsights.com).

Medicare billers, coders, practice managers and physicians, refresh your Medicare knowledge and earn continuing education credits! The *California Medical Association* (CMA) will be hosting a series of Medicare Webinars in partnership with Palmetto/J1MAC in 2010. One Continuing Education Unit (CEU) will be given for each course taken by certified coders, certified practice managers or certified medical billers. One Continuing Medical Education (CME) credit will be given for each course taken by physicians. The educational series will cover highly demanded topics such as general Medicare updates, provider enrollment, top billing errors, and Evaluation and Management (E/M) help and documentation requirements. In addition, Palmetto/J1MAC will address some of the current initiatives and their impact on the provider community. For more information about the Webinars and how to attend, please contact the CMA at (800) 786-4CMA (4262) or visit [www.cmanet.org/calendar/](http://www.cmanet.org/calendar/).

**Palmetto/J1MAC's February Medicare Advisory is available** at [www.palmettogba.com/Palmetto/Providers.nsf/files/j1\\_medicare\\_advisory\\_February2010.pdf](http://www.palmettogba.com/Palmetto/Providers.nsf/files/j1_medicare_advisory_February2010.pdf) or [www.palmettogba.com/Palmetto/Providers.nsf/files/j1\\_medicare\\_advisory\\_February2010.pdf](http://www.palmettogba.com/Palmetto/Providers.nsf/files/j1_medicare_advisory_February2010.pdf).

**Did you know that the California has a quick, easy, and free way for physicians to get help with claims payment problems?** The *Department of Managed Health Care's* (DMHC) *Provider Complaint Unit* (PCU) has recovered more than \$16M in additional payments owed by health plans to physicians since it was created in 2005. The DMHC PCU was created as an alternative way for physicians to resolve claims payment issues without having to go to court. An online *Provider Complaint System* evaluates claim reimbursement disputes such as timely submission and payment of claims, failure to pay according to contracts, coding disputes, and enforcement of the provider bill of rights. The PCU investigates and addresses individual claims

problems and also systemic unfair payment or billing patterns among health plans. The DMHC is the *State* agency that regulates all California HMOs, and *Anthem Blue Cross* and *Blue Shield* PPOs. If you are a physician and would like to report a problem regarding claims payment, please contact DMHC at (877) 525-1295 or visit [www.healthhelp.ca.gov](http://www.healthhelp.ca.gov). DMHC is especially interested in current preauthorization/certification, claims processing, and payment problems facing the hematology/oncology community. Visit [www.anco-online.org/Resources.pdf](http://www.anco-online.org/Resources.pdf) for specific instructions on how to report your issues to DMHC. The independent dispute resolution process is described at [dmhc.ca.gov/providers/clm/clm\\_idrp.aspx](http://dmhc.ca.gov/providers/clm/clm_idrp.aspx). Practices can review past DMHC enforcement actions at [www.hmohelp.ca.gov/healthplans/enf/enf\\_default.aspx](http://www.hmohelp.ca.gov/healthplans/enf/enf_default.aspx); or past independent medical review findings at [www.hmohelp.ca.gov/dmhc\\_consumer/pc/pc\\_imrdec.aspx](http://www.hmohelp.ca.gov/dmhc_consumer/pc/pc_imrdec.aspx).

## EDUCATION

[Editor's Note: ANCO organizes clinical and professional education meetings throughout the year and throughout Northern California.]

### *Oncology Reimbursement 2010*

Materials from ANCO's *Oncology Reimbursement 2010* meetings are available for download at [www.anco-online.org/OncReimb2010.html](http://www.anco-online.org/OncReimb2010.html).

### *SABCS Highlights 2009*

Materials from ANCO's annual *SABCS Highlights* are available for download at [www.anco-online.org/sabcs.html](http://www.anco-online.org/sabcs.html).

### *The Mastery of Myeloma Course*

ANCO encourages hematologists/oncologists to attend *The Mastery of Myeloma Course* at the *Vdara Hotel at CityCenter* in Las Vegas on Saturday, March 6<sup>th</sup>. This complimentary continuing education activity features a national faculty. For more information and to register, visit [www.myelomaconnection.com](http://www.myelomaconnection.com).

### *ASCO Annual Meeting*

ASCO's *Annual Meeting* will take place June 4-8<sup>th</sup> in Chicago. You may now reserve your room and register at [chicago2010.asco.org/Home.aspx](http://chicago2010.asco.org/Home.aspx).

### *Forthcoming ANCO Meetings*

ANCO's *ASCO/ONS Highlights 2010* is being superseded in July 2010 by ASCO's *Best of ASCO* (San Francisco, July 16-17<sup>th</sup>; [www.asco.org/boa](http://www.asco.org/boa)). Watch for an ANCO event at ASCO's *Best of ASCO*.

### *Additional Education Meetings*

Other meetings of possible interest to ANCO member practices are:

February 24<sup>th</sup>

*Progress in the Treatment of Multiple Myeloma CancerCare*

Telephone Education Workshop

February 27<sup>th</sup>

*4<sup>th</sup> Annual Sobrevivir Conference*

Cancer Prevention Institute of California (formerly the Northern California Cancer Center)

Oakland

March 3<sup>rd</sup>

*Emerging Treatments for Colorectal Cancer: What's New?*

*CancerCare*

Telephone Education Workshop

March 6<sup>th</sup>

*Beyond Breast Cancer: 9<sup>th</sup> Annual Allison Taylor Holbrooks/Barbara Jo Johnson Breast Cancer Conference*

Cancer Prevention Institute of California (formerly the Northern California Cancer Center)

San Francisco

([www.nccc.org/site/c.foJNIXOyEpH/b.5731825/k.45E0/9th\\_Annual\\_ATH\\_Breast\\_Cancer\\_Conference\\_\\_030610.htm](http://www.nccc.org/site/c.foJNIXOyEpH/b.5731825/k.45E0/9th_Annual_ATH_Breast_Cancer_Conference__030610.htm))

March 10<sup>th</sup>

*Medical Update on Ovarian Cancer CancerCare*

Telephone Education Workshop

March 10-14<sup>th</sup>

*15<sup>th</sup> Annual National Conference: Clinical Guidelines & Quality Cancer Care*  
National Comprehensive Cancer Network  
Hollywood, FL  
(www.nccn.org/professionals/meetings/15thannual/default.asp)

March 17-20<sup>th</sup>  
*36<sup>th</sup> Annual National Meeting: Efficiency & Excellence in the New Economic Reality*  
Association of Community Cancer Centers  
Baltimore  
(www.accc-cancer.org/mainevent)

March 25<sup>th</sup>  
*Caring for Your Bones When You Have Prostate Cancer*  
CancerCare  
Telephone Education Workshop

March 26<sup>th</sup>  
*Caring for Your Bones When You Have Breast Cancer*  
CancerCare  
Telephone Education Workshop

April 13<sup>th</sup>  
*The Eighth Annual Cancer Survivorship Series: Living With, Through, and Beyond Cancer, Part I—Trouble Sleeping, Sleep Better to Feel Better, and Tips You Can Use*  
CancerCare  
Telephone Education Workshop

April 15<sup>th</sup>  
*Brain Tumors: Current Treatments and Hope for the Future*  
CancerCare  
Telephone Education Workshop

April 16<sup>th</sup>  
*Advances in the Treatment of Head and Neck Cancer*  
CancerCare  
Telephone Education Workshop

April 18-20<sup>th</sup>  
*2010 Oncology/Hematology Practice Management Conference*  
Medical Group Management Association  
Indianapolis

Please contact the ANCO office for more information about these meetings.

## MEMBERSHIP RESOURCES

### ANCO Online

ANCO's website, [www.anco-online.org](http://www.anco-online.org), features:

- a general description and introduction to the *Association*, its activities, leadership, and membership benefits.
- advocacy information (including ANCO and ASCO Medicare resources).
- clinical and professional education meeting announcements and distributed materials.
- survey reports, publications, ListServ, and Weblog.
- clinical trials information.
- links to affiliated organizations.
- updated physician, nurse, manager, and patient resources.
- updated Corporate Member drug reimbursement and patient assistance program information.

### ANCO Online ListServ

The ANCO *Online ListServ* is available to all ANCO physician members, nurses, practice managers, and Corporate Member representatives. It is a source for the latest ANCO news and other information impacting hematology/oncology practices. To subscribe to the ANCO *Online ListServ*, send an e-mail to [ListServ@anco-online.org](mailto:ListServ@anco-online.org).

## ASSOCIATION NEWS

### Board of Directors

The ANCO *Board of Directors* met on February 18<sup>th</sup> to discuss and/or act upon the following issues:

- California legislative/regulatory advocacy
- Professional and clinical education
- Efforts to help member practices meeting current economic challenges

Contact the ANCO office for additional information on any of these items.

The ANCO *Board of Directors* meets regularly by teleconference and occasionally in person to discuss issues affecting the *Association*, clinical and professional education, and ways to better serve the membership. *Board* meetings are open to individual physician members. The **next regularly scheduled ANCO Board of Directors meeting** will take place on April 20<sup>th</sup>. Please call José Luis González, *ANCO Executive Director*, at (415) 472-3960 if you wish to participate in a future meeting.

### Individual Member News

A regularly updated online (.pdf) edition of *The ANCO Directory of Members* is available at [www.anco-online.org/pubs.html](http://www.anco-online.org/pubs.html). Please verify your *Directory* entry and contact the ANCO office with any corrections, additions, and/or deletions. The next *Directory* will be published and distributed in July 2010.

### Group Member News

ANCO initiated a **Group Membership** in 2008 based on a mutual set of perceived values and benefits and a mutual set of interests. The ANCO *Board* believes that the *Association* and *The Permanente Medical Group* (TPMG) will each receive value from Group Membership. ANCO thanks *The Permanente Medical Group* for joining ANCO.

### Institutional Member News

ANCO initiated an **Institutional Membership** in 2002. *Department(s) of Hematology and/or Oncology* of accredited, degree-granting teaching universities or research institutions are eligible for institutional membership. ANCO thanks the following Institutional Members for their support:

- *Stanford University Medical Oncology*
- *University of California, Davis, Cancer Center*
- *University of California, San Francisco*

For information on **continuing medical education meetings organized by our Institutional Members**, please visit:

US Oncology Physician Services • Vidacare

We especially wish to thank and welcome *bioTheranostics* as a new Corporate Member in 2010.

Please visit [www.anco-online.org/assistance.html](http://www.anco-online.org/assistance.html) for updated Corporate Member drug reimbursement and patient assistance program information.

*Allos Therapeutics* invites you to learn more about therapeutic advancements in the treatment of relapsed or refractory peripheral T-cell lymphoma. ANCO members are invited to attend *Considerations for the Treatment of Relapsed or Refractory PTCL* with Andrei Shustov, M.D., Fred Hutchinson Cancer Research Center, on Thursday, February 25<sup>th</sup> at Ruth's Chris in Walnut Creek. RSVP to Dan Quam at (707) 478-8737 or [dquam@allos.com](mailto:dquam@allos.com).

*Onmark, a McKesson Specialty Care Solutions Company*, invites ANCO members to participate in their CORE webcasts on March 2<sup>nd</sup> and 3<sup>rd</sup> to learn about the Medicare Physician Fee Schedule, 2010 oncology coding changes, e-prescribing incentive program, PQRI, and new information on EHRs and meaningful use criteria. For more information and to register, visit [https://www118.livemeeting.com/lrs/mckesson\\_ccc/Registration.aspx?PageName=1j31lhkzmqz41f4](https://www118.livemeeting.com/lrs/mckesson_ccc/Registration.aspx?PageName=1j31lhkzmqz41f4).

### **Publications, Resources, Services, & Surveys**

Results from ANCO's 2009 staff salary survey are now available at [www.anco-online.org/salsrvy.html](http://www.anco-online.org/salsrvy.html).

ASCO and the State/Regional Affiliate Program are excited to introduce Oncology Practice at [practice.ascoexchange.org](http://practice.ascoexchange.org), a social networking site where practice administrators can easily connect, collaborate, and exchange information about day-to-day issues facing oncology practice.

Enroll in Oncology Practice at [practice.ascoexchange.org](http://practice.ascoexchange.org).

ASCO's *Oncology Practice Insider* is an interactive biweekly communication specifically devoted to oncology practice management issues and for practice managers. Subscribe to the *Oncology Practice Insider* via e-mail to [practice@asco.org](mailto:practice@asco.org).

ASCO's *Quality Oncology Practice Initiative* (QOPI) is designed to promote excellence in cancer care by helping oncologists create a culture of self-examination and improvement. ASCO is now offering the QOPI Certification Program to recognize QOPI participants who achieve rigorous standards for cancer care. The QOPI Certification designation can be used by certified practices to demonstrate an advanced commitment to quality. For more information or to register, go to [qopi.asco.org](http://qopi.asco.org).

NCCN has updated their *Clinical Practice Guidelines in Oncology and/or Drugs & Biologics Compendium* for ovarian cancer and palliative care. Visit [www.nccn.org](http://www.nccn.org) for the latest information.

### **Individual Membership Dues for 2010**

Second notices of membership renewal were mailed the week of February 1<sup>st</sup>. If you have not yet done so, then please return your 2010 membership dues to ANCO now to ensure your inclusion in *The ANCO Directory of Members 2010*. Be sure to provide ANCO with your e-mail address and the name(s) and e-mail address(es) of office and/or nurse manager contact(s). Those not renewing their membership by July 1<sup>st</sup> will be deleted from the *Directory of Members*, and will no longer be eligible for any ANCO benefits. Contact the ANCO office if you did not receive or misplaced your membership dues renewal notice.

ANCO seeks new members. All members of a practice should join ANCO. And, ANCO seeks to enroll radiation oncologists as members, so please send us contact information for the radiation oncologists within your practice and/or to whom you refer patients.
