

# ASSOCIATION OF NORTHERN CALIFORNIA ONCOLOGISTS

*with the support of*  
**US ONCOLOGY**

*is pleased to sponsor an ANCO Audio Conference  
for oncologists, oncology nurses, and oncology practice managers entitled*

## **MANAGED CARE CONTRACTING IN AN ASP WORLD**

*with*

**John Hennessy, CMPE**

*Executive Director, Kansas City Cancer Center*

The introduction of ASP as a reimbursement model has changed managed care contracting from a price based model to a cost based model. This presentation will prepare you to evaluate new opportunities in contracting which have developed in this confusing time for medical oncologists and payers.

John Hennessy is the *Executive Director* of *Kansas City Cancer Center*, a 35-physician multidisciplinary oncology practice with nine offices in the greater Kansas City area and several outreach clinics. The *Kansas City Cancer Center* offers services in: medical oncology; hematology; radiation oncology; blood and marrow transplantation; PET-CT, PET, and CT scanning; cancer genetic counseling; and, cancer care pharmacy services.

E-mail/FAX your general and/or specific questions regarding *Managed Care Contracting in an ASP World* to the ANCO office at [execdir@anco-online.org](mailto:execdir@anco-online.org)/(415) 472-3961.

*This ANCO Reimbursement Audio Conference is scheduled for:*

**Wednesday, July 13, 2005 • 12:00PM (Noon) – 1:00PM Pacific Time**

**Dial-In Number: (800) 268-8047 • No passcode will be needed**

**Reference the ANCO Audio Conference: Managed Care Contracting**

You will be asked for your name, practice name, e-mail address, and telephone number. An interactive question/answer session will take place after the presentation.

### *Please Note:*

- 1. You must pre-register for this ANCO Audio Conference (below).*
- 2. Download the presentation at [www.anco-online.org](http://www.anco-online.org).*
- 3. There will be no playback of this audio conference.*

I/We will dial-into the ANCO Audio Conference on *Managed Care Contracting in an ASP World* (please print clearly):
